MEMORANDUM FOR: Chief, Defensive Systems Division, OSI

ATTENTION:

FROM: Chief, CIA/PID (NPIC)

SUBJECT: Search in the Fergana Valley Area, USSR for any Guided Missile
Related Activity

REFERENCE: (a) Requirement OSI/255/62
(b) CIA/PID Project C 1093-62

1. This memorandum is in response to your requirement dated 26 October 1962 which requests a search of the Fergana Valley and Murgab area for any guided missile related activity.

2. A detailed search was made within a 50 nm radius of Namagan (40-50N 71-34E), Andizhan (40-43N 72-17E), Osh (40-30N 72-48E), and Murgab (38-10N 73-59E) with negative results.

3. The following [] missions were scanned and compared with []

[] The overall coverage was of good quality. The search revealed no identifiable missile launch facilities, no identifiable large electronic installations, no identifiable missile static test facilities, or unusual construction. With the exception of numerous mines, no underground construction was noted in the valley or surrounding mountainous areas.

4. Two large secured storage areas were observed approximately 3 nm northwest of Isfara (40-08N 70-38E). The northernmost area is triple-fenced and contains eleven buildings, nine of which are revetted. The second area to the southeast is double fenced and contains ten buildings []

5. The photo analyst on this project is [] and he may be contacted on extension [] should you have any further questions concerning this project.

6. This project is considered to be complete.
